Charge Wireless, Live Boundless

DUZZONA & WIRELESS CHARGING

- Compared with wired charging, 「Wireless Charging Technology」 removes the limitation of cables, it is simple and convenient to charge at any time, and applied in public places such as libraries, cafes, hotels, stations, airports, etc., more and more users are accustomed to using wireless charging devices. With the introduction of MagSafe charger and power bank by Apple, the wireless charging accessories market is booming, magnetic wireless charging is expected to be the trend, and its application will be extended to other electronic devices other than smartphones.
- Wireless charging technology appeared very early, but we have to admit that it still has many limitations, such as low charging efficiency and strict restriction on charging distance. Nonetheless, wireless charging can bring a lifestyle of 「unconscious charging」, using fragmented time in work and life to charge, allowing mobile phones to accumulate power silently. There is no need to deliberately pursue the charging speed, and the power can always be kept in a sufficient state. This is an unconscious experience brought by wireless charging.
- From birth to maturity, any technology will undergo continuous improvement and progress, and many unique wireless charging products will be derived in the process. In the future, we are looking forward to what kind of chemical reaction that wireless will have with what kind of design and what kind of material. We have launched a new brand 「DUZZONA」 in this context that focuses on wireless charging products. We will keep up with the development of the wireless charging market, and are committed to providing consumers with creative wireless charging and peripheral products, always keep security and user experience first, upgrade and improve our products continuously.

Charge Wireless, Live Boundless

Charge Wireless
Live Boundless

DUZZONA INTRODUCTION

DUZZONA is a creative brand that strives to pursue a sense of technology, fashion and simplicity.

DUZZONA focuses on wireless chargers, magnetic chargers, magnetic mobile power supplies and peripheral products. With a sense of technology and simplicity as the brand concept, we firmly believe that creativity can change life, and we are committed to providing users with a minimalist product and service experience.

Connotation

Pursue the ultimate sense of technology and strive to create a minimalist lifestyle.

Idea

Integrate a sense of technology and a minimalist experience into more life scenarios. Improving the quality of life of users is our firm original intention.

Wish

Let more people around the world enjoy the fun brought by technology.

15W Simple Magnetic Wireless Charger with Stand W1

15W max output | magnetic alignment | MagSafe compatible

- High-power wireless charger with a slim body, easy to carry.
- Built-in strong magnets, the magnetic alignment experience only applies to iPhone 14 Series, iPhone 13, iPhone 13 Pro, iPhone 12 and iPhone 12 Pro.
- The maximum output is 15W, and output 15W, 10W, 7.5W, 5W according to different devices.
- Support 360-degree rotation and adsorption, and it's convenient to play games on the phone.
- Comes with a 1.2-meter-long integrated charging cable.
- The folding stand can be placed at your favourite angle for movie watching and video calls.
- Certifications: CE UKCA FCC RoHS
- Colors: White/Black
- Size: 60*60*8.6mm
- Net Weight: 62g

The folding stand can be placed at your favourite angle for movie watching and video calls.

Packaging

15W Folding Wireless Charger W2

15W max output | Android & iOS compatible

- High-power wireless charger with 17.2mm slim body, easy to carry.
- Compatible with iPhone, Samsung, Xiaomi, Huawei phones that support Qi protocol.
- The maximum output is 15W, and output 15W, 10W, 7.5W, 5W according to different devices.
- The phone can be placed on the charger horizontally/vertically.
- Comes with ambient light which can be adjusted via touch switch.
- The folding stand can be placed at your favourite angle for movie watching and video calls.
- Certifications: CE UKCA FCC RoHS
- Color: Black
- Size: 69.5*137.4*17.2mm
- Net Weight: 148g

The folding stand can be placed at your favourite angle for movie watching and video calls.

The folding stand can be placed at your favourite angle for movie watching and video calls.

Packaging

Pursue the ultimate sense of technology and strive to create a simple lifestyle

15W Detachable Folding Wireless Charger W3

- High-power wireless charger 360 degree rotatable with compact body.
- Magnetic alignment experience applies to iPhone 14 Series, iPhone 13, iPhone 13 Pro, iPhone 12 and iPhone 12 Pro.
- The maximum output is 15W, and output 15W, 10W, 7.5W, 5W according to different devices.
- Support 360 degree rotation and adsorption of mobile phones.
- Can be used as car mount wireless charger.
- The detachable folding stand can be placed at your favourite angle for movie watching and video calls.
- Certifications: CE ROHS UKCA FCC
- Color: Grey
- Size: 60.14*50.15*116.5mm
- Net Weight: 240g

The detachable folding stand can be placed at your favourite angle for movie watching and video calls.

- Detachable
- Car Mount Wireless Charger
- Rich Application Scenarios

Packaging

Pursue the ultimate sense of technology and strive to create a simple lifestyle

Magnetic Wireless Power Bank W4

Magnetic alignment+5000mAh capacity+15W wireless output+PD20W wired output

- Magnetic alignment experience applies to iPhone 14/13/12 series.
- The output power of wireless charging can reach 15W.
- Built-in 5000mAh lithium polymer battery, thin and compact, easy to hold with single hand.
- Type-C output supports PD20W, Type-C input can reach 20W, two-way fast charging and discharging.
- Support FOD foreign object detection, intelligently identify metal and other foreign objects, and automatically power off to ensure safe use.
- Wired output and wireless output may work simultaneously, which can charge two devices at the same time, improve the convenience of charging.
- Certifications: CE ROHS UKCA FCC
- Size: 96*64*15mm
- Color: White
- Net Weight: 127g

- Built-in multiple powerful magnets
- Seamless magnetic alignment to iPhone 12/13/14 series
- Connects and removes from iPhone easily

Packaging

Pursue the ultimate sense of technology and strive to create a simple lifestyle

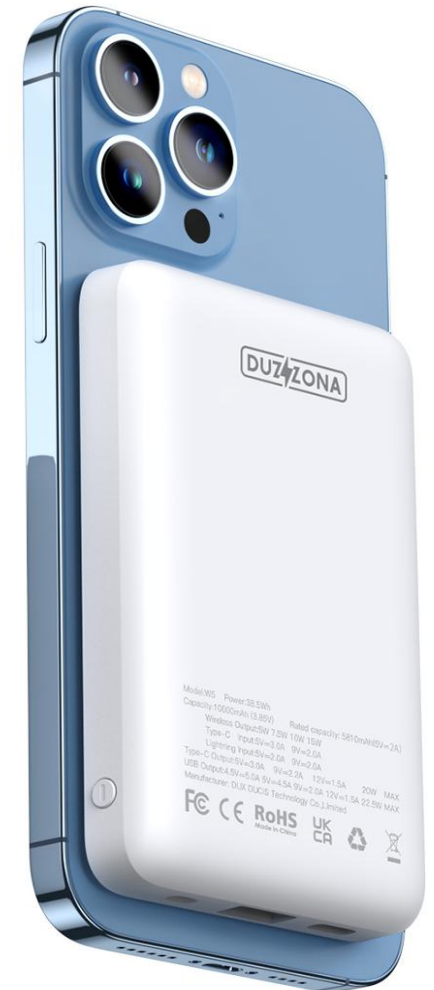

Magnetic Wireless Power Bank W5

Magnetic alignment+10000mAh capacity+15W wireless output+PD20W wired output+Huawei 22.5W wired output+anti-loss lanyard

- Magnetic alignment experience applies to iPhone 14/13/12 Series. The output power of wireless charging can reach 15W.
- Built-in 10000mAh lithium polymer battery, thin and compact, easy to hold with single hand.
- Type-C output supports PD20W, Type-C input supports PD18W, two-way fast charging. USB-A supports Huawei 22.5W fast charge and QC 18W. Lightning supports PD18W input.
- Matte and glossy combination shell with threaded texture, anti-loss lanyard.
- Support FOD foreign object detection, intelligently identify metal and other foreign objects, and automatically power off to ensure safe use.
- Wired charging and wireless charging can be done simultaneously, which can charge 3 devices at the same time, it can charge tablets, mobile phones, headsets, game consoles, etc.
- Certifications: CE UKCA FCC RoHS
- Color: White
- Size: 70*109*17.19mm
- Net Weight: 194g

- Built-in multiple powerful magnets
- Seamless magnetic alignment to iPhone 12/13/14 Series
- Connects and removes from iPhone easily
- Comes with anti loss lanyard

Packaging

Pursue the ultimate sense of technology and strive
to create a simple lifestyle

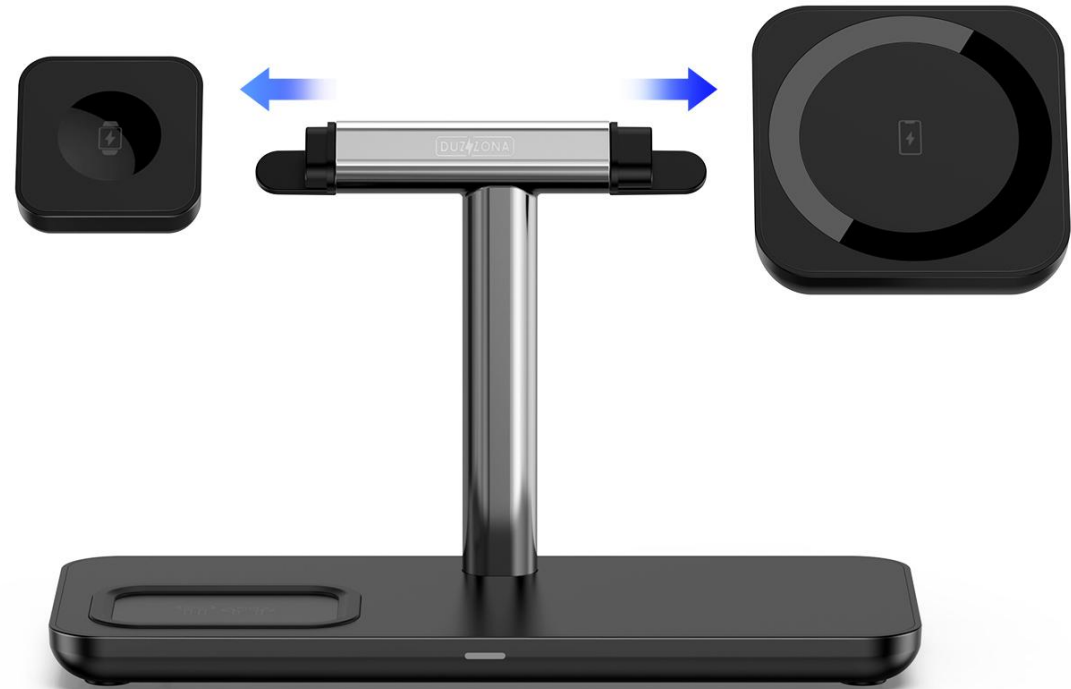

3-in-1 Detachable Wireless Charger W6

Magnetic alignment+iPhone wireless charging+ TWS wireless charging + Apple Watch wireless charging

- It can charge mobile phones, earphones, and watches at the same time.
- Magnetic alignment experience applies to iPhone 14/13/12 Series and Apple Watch Series.
- The total output power of wireless charging can reach 25W, which greatly improves the experience of wireless charging.
- Can be disassembled into 3 chargers, and has applications in multiple scenarios,
- Support FOD foreign object detection, intelligently identify metal and other foreign objects, and automatically power off to ensure safe use.
- Certifications: CE UKCA FCC RoHS
- Color: Black
- Size: 175*75*126.7mm
- Weight: 324g

- Can be disassembled into 3 independent chargers
- Magnetic alignment applies to iPhone 14/13/12 Series & Apple Watch Series
- Supports MagSafe charging
- Charging Smartphones horizontally/vertically

Packaging

Pursue the ultimate sense of technology and strive
to create a simple lifestyle

3-in-1 Magnetic Wireless Charger with Stand W7

15W max wireless output | Magnetic alignment & attachment | smartphone wireless charging | TWS wireless charging | Apple Watch wireless charging

- Compatible with smartphone, TWS earphone and Apple Watch as long as it supports Qi, no matter Android or Apple.
- 15W output for smartphone/5W output for TWS earphone/3W output for Apple Watch. Ultra thin, light and easy to carry.
- Built-in strong magnets, the magnetic attachment experience applies to iPhone 12/13/14 Series, Apple Watch, AirPods 3 and AirPods Pro.
- The maximum output is 15W, and intelligently output 15W, 10W, 7.5W, 5W according to different devices.
- Support 360-degree rotation and adsorption, and it's convenient to play games on the iPhone while charging.
- Comes with a 1-meter-long integrated charging cable.
- **The foldable stand can be placed at your favourite angle for movie watching and video calls.**
- Certifications: CE ROHS UKCA FCC
- Color: White
- Size: 60*60*7.7mm
- Net Weight: about 50g

- Compatible with smartphone, TWS earphone and Apple Watch as long as it supports Qi, no matter Android or Apple.

- The foldable stand can be placed at your favourite angle for movie watching and video calls.

Packaging

Pursue the ultimate sense of technology and strive
to create a simple lifestyle

15W Wireless Charger Pad W8

Slim and Trim | Universal Compatibility

15W max output | Just set down and power up

- Upgraded high-power wireless charging, slim and trim, compact and convenient, informative & sleep friendly LED indicator with minimalist design, get rid of the shackles of wires, bring you a more comfortable charging experience.
- Compatible with iPhone 8-14 Series, Samsung, Huawei, Xiaomi phones etc.
- Maximum output is 15W, intelligently output 15W, 10W, 7.5W, 5W according to the device type.
- Instantly charge your phone or earbuds simply by placing it in the center of this pad.
- TPU charging surface prevents your device from easily sliding off.
- Certifications: CE UKCA FCC RoHS
- Color: Black
- Size: 100*100*11mm
- Net Weight: about 75g

Packaging

Pursue the ultimate sense of technology and strive to create a simple lifestyle

3-in-1 Magnetic Wireless Charger W9

Magnetic alignment+iPhone wireless charging+ TWS earbuds wireless charging + Apple Watch wireless charging

- It can charge mobile phones, earphones, and watches at the same time.
- Magnetic alignment experience applies to iPhone 14/13/12 Series and Apple Watch Series.
- The total output power of wireless charging can reach 20W, which greatly improves the experience of wireless charging.
- Can be disassembled into 3 chargers, and has applications in multiple scenarios,
- Support FOD foreign object detection, intelligently identify metal and other foreign objects, and automatically power off to ensure safe use.
- Certifications: CE UKCA FCC RoHS
- Color: White
- Size: 175*125*136mm
- Weight: 315g

Packaging

Pursue the ultimate sense of technology and strive to create a simple lifestyle

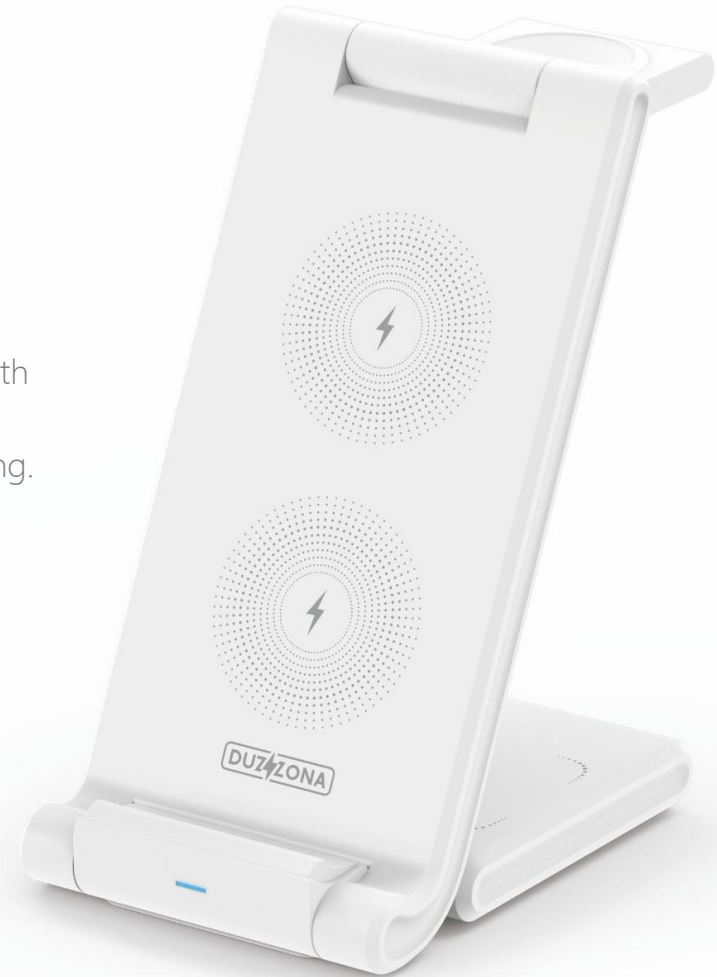

15W Folding 3-in-1 Wireless Charger W10-A

15W max output | Just set down and power up

- It can charge mobile phones, earphones, and watches at the same time.
- White shell, delicate touch, soft LED ambient light, it can support the charging of iPhone/Android mobile phone, [Apple Watch](#), and AirPods/Android TWS earbuds.
- Compact and portable folding design, it frees you from the shackles of wires, and provides you with a more comfortable charging experience.
- Compatible with iPhone 8~14 Series and Samsung, Xiaomi, Huawei mobile phone wireless charging.
- The maximum output power of wireless charging can reach 20W, and the intelligent output according to different devices greatly improves the experience of wireless charging.
- The folding stand can be placed at your favourite angle for movie watching and video calls.
- Support FOD foreign object detection, intelligently identify metal and other foreign objects, and automatically power off to ensure safe use.
- Certifications: CE RoHS UKCA FCC
- Color: White
- Size: 152*73*135mm (Stand-up)
- Net Weight: 175g

- Open it up as a stand and folds it up for easy portability

Packaging

Pursue the ultimate sense of technology and strive to create a simple lifestyle

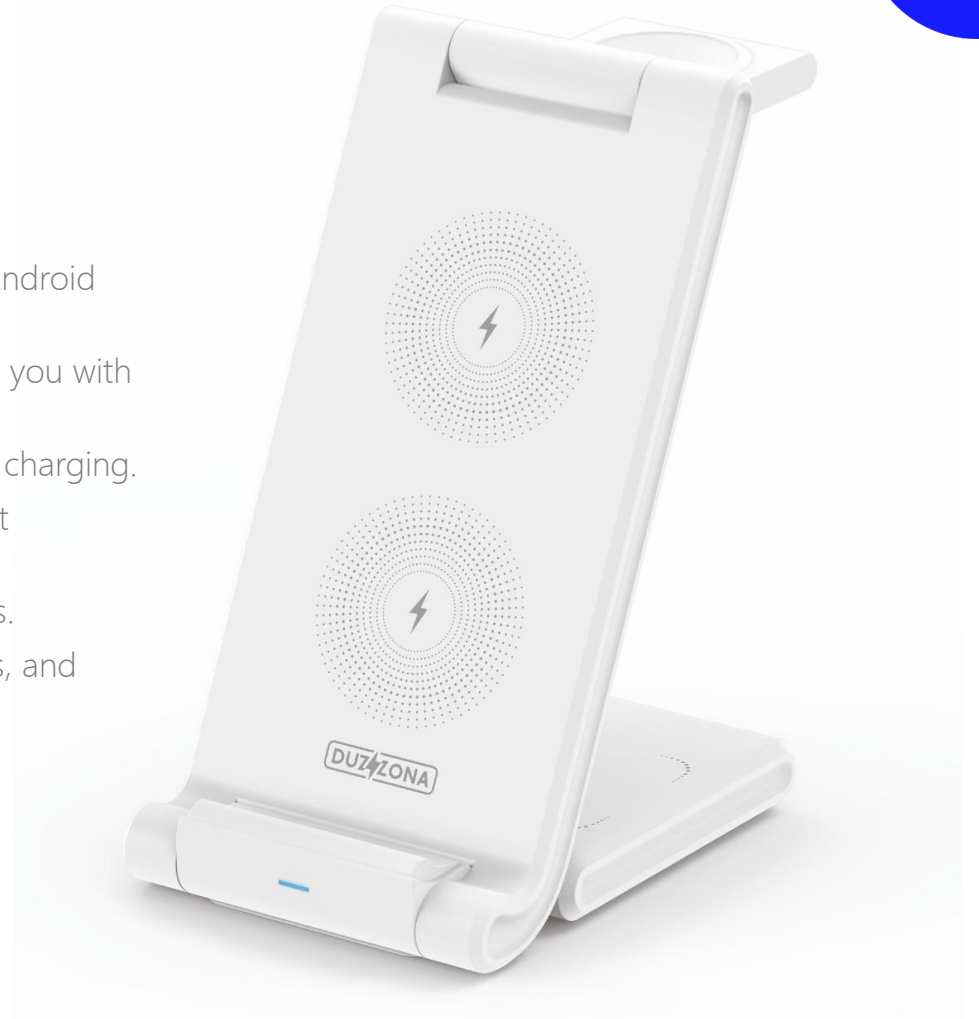

15W Folding 3-in-1 Wireless Charger W10-S

15W max output | Just set down and power up

- It can charge mobile phones, earphones, and watches at the same time.
- White shell, delicate touch, soft LED ambient light, it can support the charging of iPhone/Android mobile phone, [Samsung Watch](#), and AirPods/Android TWS earbuds.
- Compact and portable folding design, it frees you from the shackles of wires, and provides you with a more comfortable charging experience.
- Compatible with iPhone 8~14 Series and Samsung, Xiaomi, Huawei mobile phone wireless charging.
- The maximum output power of wireless charging can reach 20W, and the intelligent output according to different devices greatly improves the experience of wireless charging.
- The folding stand can be placed at your favourite angle for movie watching and video calls.
- Support FOD foreign object detection, intelligently identify metal and other foreign objects, and automatically power off to ensure safe use.
- Certifications: CE RoHS UKCA FCC
- Color: White
- Size: 152*73*135mm (Stand-up)
- Net Weight: 175g

- Open it up as a stand and folds it up for easy portability

Packaging

Magnetic Wireless Car Charger V1

15W max wireless output | Magnetic alignment | MagSafe charging

- This 360-degree rotatable charger makes navigation and charging more convenient.
- Magnetic alignment experience applies to iPhone 14/13/12 Series.
- The maximum wireless charging power can reach 15W, and intelligently output 15W, 10W, 7.5W, 5W according to different devices.
- Matte and glossy combination shell with stars texture make it look cool.
- Certifications: CE UKCA FCC RoHS
- Color: Black
- Size: 86*71*31mm
- Net Weight: 69g

- 360-degree rotatable charger
- Magnetic wireless charging
- Matte and glossy combination shell

Packaging

to create a simple lifestyle

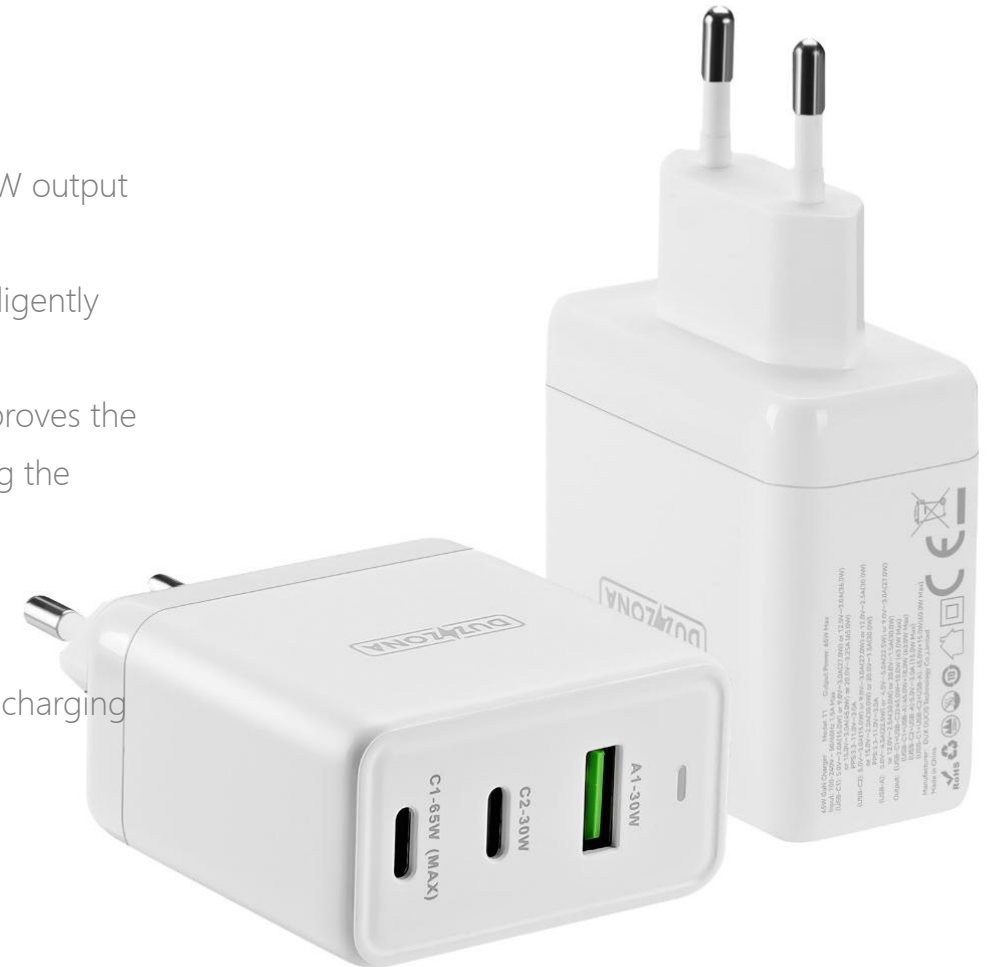

65W Mini GaN Charger T1

65W high-power output | Provides fast charging

- 3-port PD65W high power output, USB-C1 & USB-C2 & USB-A support 65W, 30W, 30W output when working independently, which can be used for quickly charging laptops.
- 2 Type-C ports + 1 USB-A port, which can charge 3 devices at the same time and intelligently adjust the output voltage and current.
- The 3rd Gen. GaN gallium nitride semiconductor material is adopted, which greatly improves the charging efficiency, heat dissipation performance and reduces energy loss, while having the advantages of higher power and smaller size.
- Use the "matte and gloss combination" color scheme.
- Small size, convenient storage, easy to carry.
- Support PD/QC/PPS/FCP/SCP/AFC and other fast charging protocols to meet the fast charging requirements of various devices.
- The shell is made of V0 grade fire retardant material to ensure safe use.
- Certifications: CE RoHS
- Color: White
- Size: 91*54*30mm
- Net Weight: 143g

Packaging

Pursue the ultimate sense of technology and strive to create a simple lifestyle

30W Mini USB-A + USB-C Charger T2

30W PD+QC | Take you experience fast charging

- PD30W charger can automatically output the maximum charging current and voltage according to different mobile phones/tablets or other devices, so as to achieve the purpose of fast charging and high charging efficiency.
- Compatible with PPS/PD/QC/AFC/SCP and other protocols and support Apple, Samsung, Xiaomi, Huawei mobile phone, tablet, laptop fast charging.
- PD30W+QC18W dual ports, it can charge two devices at the same time (note: laptop charging is not supported when dual ports are used).
- Use the "matte and gloss combination" color scheme.
- Small size, convenient storage, easy to carry.
- Support PD/QC/PPS/FCP/SCP/AFC and other fast charging protocols to meet the fast charging requirements of various devices.
- The shell is made of V0 grade fire retardant material to ensure safe use.
- Certifications: CE UKCA FCC RoHS
- Color: White
- Size: 80*42.3*30mm
- Weight: 61g

Packaging

Pursue the ultimate sense of technology and strive
to create a simple lifestyle

PD 20W USB-C Charger T3-01 (EU)

PD20W Charger | Take you experience fast charging

- High-power design improves the charging conversion rate, able to charge a iPhone 13 from 0 to 60% power in 30 minutes.
- Support iPhone 8 ~ 14 Series and iPad Series fast charging, and also Samsung, Xiaomi, Huawei mobile phone/tablet fast charging.
- Compatible with PPS/PD/QC/AFC/SCP and other protocols, support 5V/3A, 9V/2.22A, 12V/1.67A outputs.
- The shell is made of V0 grade fire retardant material to ensure safe use.
- Use high-precision resistive components and circuit chips with over-current protection, short-circuit protection, over-temperature protection and other functions.
- Output: 20W Max
- Certifications: CE RoHS
- Color: White
- Size: 89.3*46*26.6mm
- Weight: 53g

Packaging

Pursue the ultimate sense of technology and strive to create a simple lifestyle

PD 20W USB-C Charger T3-02 (UK)

PD20W Charger | Take you experience fast charging

- High-power design improves the charging conversion rate, it's able to charge a iPhone 13 from 0 to 60% power in 30 minutes.
- Supports iPhone 8 ~ 14 Series and iPad Series fast charging, and also Samsung, Xiaomi, Huawei mobile phone/tablet fast charging.
- Compatible with PPS/PD/QC/AFC/SCP and other protocols, support 5V/3A, 9V/2.22A, 12V/1.67A outputs.
- The shell is made of V0 grade fire retardant material to ensure safe use.
- Use high-precision resistive components and circuit chips with over-current protection, short-circuit protection, over-temperature protection and other functions.
- Output: 20W Max
- Certifications: UKCA RoHS
- Color: White
- Size: 71*48*42mm
- Net Weight: 62g

Packaging

Pursue the ultimate sense of technology and strive to create a simple lifestyle

35W Dual-USB-C-Port Charger T4

35W PD | Take your experience fast charging

- PD35W high-power charger, ergonomic design, improved charging conversion rate, charges iPhone 13 to about 60% in 30 minutes, compatible with tablet/notebook.
- Supports all models of iPhone 8-14 Series, both ports offer fast charge. Compact design makes it easy to carry.
- 35W high power is compatible with iPhone/Android phones, iPad, Macbook, Apple Watch, and AirPods, etc.
- Compatible with PPS, PD, QC, AFC, SCP and other protocols, supports 5V/3A, 9V/3A, 12V/2.92A, 15V/2.33A, 20V/1.75A outputs.
- The shell is made of V0 grade fire retardant material to ensure safe use.
- High-precision resistive components and circuit chips provide over-current protection, short circuit protection, and over-temperature protection.
- Total output: 35W (single-port output: 35W, dual-port output: 18W+18W under intelligent power distribution)
- Certifications: CE RoHS
- Color: White
- Size: 89.3*46*26.6mm
- Weight: 70g

Packaging

Pursue the ultimate sense of technology and strive to create a simple lifestyle

PD 25W USB-C Charger T6

Specially Designed for Samsung Devices

PD 25W Charger | Take you experience fast charging

- High-power design improves the charging conversion rate, it's able to charge a Samsung Galaxy S22 from 0 to 60% power in 30 minutes.
- Offers fast charge to Samsung phones and tablets, and also iPhone, Huawei, Xiaomi phones etc.
- Compatible with PPS PD QC AFC SCP protocols, and supports 5V/3A、9V/2.77A、12V/2.08A outputs.
- The shell is made of V0 grade fire retardant material to ensure safe use.
- Use high-precision resistive components and circuit chips with over-current protection, short-circuit protection, over-temperature protection and other functions.
- Output: 25W Max
- Certifications: CE RoHS
- Color: White
- Size: 80*43*28mm
- Net Weight: 55g

Packaging

Pursue the ultimate sense of technology and strive to create a simple lifestyle

30W GaN 1A+1C Charger T7

NEW

30W PD+QC | Take you experience fast charging

- Made of third-generation semiconductor materials, this GaN charger greatly improves the charging efficiency and heat dissipation performance, while reducing energy loss, and has the advantages of higher power and smaller volume.
- PD30W + QC18W charger, it can charge iPhone 14 from 0 to about 60% in 30 minutes.
- Supports the fast charging of iPhone, iPad and also Samsung, Xiaomi, Huawei, etc., mobile phones/tablets.
- Compatible with PPS PD QC AFC SCP and other charging protocols.
- The shell is made of V0 grade fire retardant material to ensure safe use.
- Use high-precision resistive components and circuit chips with over-current protection, short-circuit protection, over-temperature protection and other functions.
- Total output: 30W (A+C)
- Size: 86*41*27mm
- Certifications: CE RoHS
- Net Weight: 63g
- Color: White

Packaging

Pursue the ultimate sense of technology and strive to create a simple lifestyle

C-L 20W Fast Charging Cable A1

C-C 65W Fast Charging Cable A2

- PD20W USB-C to Lightning
- [Compatibility: 9V= 2.22A](#)
- Data Transfer Rate: 480Mbps
- Materials: Nylon Braided Wire+TPE Joint
- +Aluminum Alloy Shell
- 3000 Bend Lifespan
- Certifications: CE FCC UKCA RoHS
- Color: Grey
- Length: 1m
- Outside Diameter: 3.8mm
- Net Weight: 23g

- PD65W USB-C to USB-C
- [Compatibility: 20V= 3.25A](#)
- Data Transfer Rate: 480Mbps
- Materials: Nylon Braided Wire+TPE Joint
- +Aluminum Alloy Shell
- 3000 Bend Lifespan
- Certifications: CE FCC UKCA RoHS
- Color: Grey
- Length: 1m
- Outside Diameter: 3.8mm
- Net Weight: 23g

Packaging

Pursue the ultimate sense of technology and strive to create a simple lifestyle

3-in-1 Cable A3

One for all: charge any of your devices with the interchangeable, built-in Micro USB, USB-C, and Lightning connectors.

- Able to charge 3 devices at the same time, total output is 3.5A at maximum.
- Materials: nylon braided wire+TPE joint+aluminum alloy shell+ergonomic insert and removal slots.
- Fast Charge (3A output for USB-C connector, 2.4A output for Lightning connector, 2A output for Micro USB connector)
- Data Transfer Rate: 480Mbps (only applies to Lightning connector)
- 3000 Bend Lifespan
- Certifications: CE FCC UKCA RoHS
- Color: Grey
- Length: 1.3m
- Outside Diameter: 4.2mm
- Net Weight: 57g

Packaging

Pursue the ultimate sense of technology and strive to create a simple lifestyle
